COLLECTION  
**TREEN**

Wood, evidently a part of nature, is traditional and beautiful. At the same time could be used as a modern interior design material.

With Treen collection of designer fans we present a variety of patterns, colors, and textures that can please any taste and emphasize any interior design style.

COLLECTION

# BAMBINO

We are quite aware of the importance of pleasant and colorful stay in the development of children. For this purpose we have carefully created a delightful range of Bambino products.

Children's rooms do not need to look like just plain bedrooms. Rather they could be an extension of their playgrounds, wherein they could visualize their dreams and desires.

COLLECTION

# VINTAGE

Modern style meets Vintage appeal in our new collection.

Many modern spaces embrace industrial influences with concrete and exposed piping, creating an open, no-frill atmosphere. Whether you plan on resurrecting old spaces or want to add a vintage look and feel to your modern architecture, we have a wide range Vintage product line that could suffice your need.
