

# Crompton

FANS CATALOGUE **2022**

**Crompton**

LET'S  
HANGOUT  
GHAR PE!

## **Dear Customer,**

We thank you for choosing Crompton as your preferred brand for fulfilling your décor choices. We are delighted that you are now part of the Crompton legacy!

Our products are crafted with an obsession to detail and have featured industry leading innovations like Anti-Dust fans and Duratech technology.

In this catalogue you will find our latest range of innovations from the Energion series of fans with energy saving BLDC motors to SilentPro range of fans that provide silent operations.

We have also included a section to help you chose the recommended design and color for your home décor.

Happy surfing !

## About Us

For more than 75 years, our brand has stood for trust, reliability, dependability and excellence in the area of electrical engineering. We endeavour to provide meaningful benefits, ease of use, great design, superior performance and durability at the right price for our customers. Our range of innovative products caters to modern consumer needs like easy to clean (Anti-Dust) Fans, easy to maintain Air Coolers, Hygienic Lighting Solutions (Anti-Bac LEDs), Pumps and many more.

Today, we are a **Proud Indian Brand and a Market Leader\* in the Category of Fans** with a strong presence in the other categories like pumps, water heaters, air coolers, kitchen appliances and lighting.

\*As per 3rd party retail audit and industry data.

**PROUDLY MADE IN INDIA**

### OUR RANGE OF INNOVATIVE PRODUCTS

**SILENTPRO**

**2X MORE SILENT\*  
THAN REGULAR FANS**

**ENERGION**

\* Up to 50% Energy Saving as compared to a regular ceiling fan operating at the same RPM.

\* Most regular ceiling fans operate at 64dB. Every increase of 10 dB in noise level is perceived to be twice as loud.

\* SilentPro operates at 52dB level thereby making it twice more silent than its conventional counterparts.

\* Due to continuous product improvement, the product illustrated may vary slightly from the actual product.

# Awards and Recognitions

We are delighted to be awarded the National Energy Conservation Award - 6 YEARS IN A ROW!

Crompton is also awarded the Global Safety Award 2020 for Outstanding Achievement in practicing Excellent Workplace Culture in Health & Safety.

# Ranked No.1 by Consumer Voice

Crompton's Star 220 ceiling fan was ranked No.1 and the only fan that delivers on the BEE 5 Star rating for energy efficiency by Consumer Voice\*.

\*Consumer Voice is an independent organisation that conducts independent, comparative and unbiased product trials recognized by the Ministry of Consumer Affairs.

\*National Energy Conservation Award (NECA) is given every year for exceptional achievement in Energy Efficiency. This is awarded by Bureau of Energy Efficiency under Ministry of Power, Govt. of India to Appliances (Refrigerator, AC, Pump, DT, LED, Bulb, Storage Water Heater, CTV, Ceiling Fans). This year our model "HS Plus" which is 5 Star Rated Ceiling Fan has been declared the most Energy Efficient Appliance of the Year in Ceiling Fan Category. This is based on Power Rating, Production & Sales Nos. from Jul 18 to Jun 19.

## Manufacturing Excellence

With improving Consumer preferences and to meet the ever increasing market demand of Crompton's durable products, we have multiple state-of-the-art manufacturing facilities at Goa & Baddi which employ the most modern technologies such as Automated Stator winding and Die Casting units which offer best in class products with highest quality standards.

# Innovations driven by R&D and Consumer Research

For more than 8 decades, Crompton is known for trust, reliability and durability of its fans and is crowned as the pioneer in fan motor technology.

We leverage our robust R&D processes and capabilities, which are further enhanced by our close consumer connect - to offer superior technology based lifestyle solutions.

## Innovation over the years

**2016**

### Anti-Dust fans:

Fans with Dust-resistant Nano technology paint for hassle free cleaning and 50% less dust.

**2017**

### Air 360 fans:

Aerodynamic blades with Anti-drag design for smoother air flow and 50% more coverage.

**2018**

### VSense fans:

Fans with Smart Sensor technology which rotates at High Speed in low voltage conditions.

**2019**

### Duratech fans:

Fans with Premium components & 5-year warranty designed to deliver superlative performance.

**2020**

### Energion fans:

Energy Efficient fans with ActivBLDC motor that save up to 50% Electricity costs

**2020**

### SilentPro fans:

Elite range of fans with aerodynamic ABS body with Silent Operation & Energy Efficient ActivBLDC motor.

**2021**

### Smart fans:

Fans that are operated using mobile application, voice control devices and remote.

# Fan Selection Guide

## Step 1

Compare your décor

## Step 2

Select Fan Model  
Select Fan colour

## Step 3

Browse through the technical details

## Selection tips - Ceiling Fans

### Tip 1:

Match your ceiling colour with your fan colour to make the room look spacious.

### Tip 2:

To accentuate your ceiling choose the contrasting furniture colour for your fan.

### Tip 3:

Metallic trims in fan go well with décor that have shiny elements within the space.

### Tip 4:

Decorated fans complement spaces with classic or luxurious settings.

### Tip 5:

For spaces with high maintenance, choose our anti dust ceiling fans range.

### Tip 6:

For places where you need quiet comfort, choose silent operation fans.

### Tip 7:

For spaces with continual requirement of fan, choose energy efficient fans.

### Tip 8:

For usage comfort and convenience, choose Smart (IoT enabled) fans.

# Technical Advice

## Ceiling Fan Selection

How to select your fan?

Sweep Size is referred to the entire diameter of a fan.

Speed (RPM)	Air Delivery (CFM)
315	240

Higher RPM does not mean higher air flow. Air flow / Air delivery is the only point of comparison in selecting a ceiling fan.

More fan blades do not give better air flow.

A four or five blade ceiling fan provides a more conventional, balanced look, whereas a fan with two or three blades possesses a modern and sleek style.

Sweep Size	Room Size
600 mm (24")	Small shop, cabin or Powder Room
750 mm (30")	6 X 10 ft
900 mm (36")	7 X 10 ft
1050 mm (42")	10 X 10 ft
1200 mm (48")	12 X 13 ft
1300 mm (52")	13 X 14 ft
1400 mm (56")	14 X 16 ft

For a much more larger room, consider using two fans to balance the air circulation in all parts.

## Optimal Height

For ceilings that are taller than nine feet, add 6" to the downrod for every foot of height.

The bottom of the fan should be at least 7 ft off the floor. 8-9 ft will allow for optimal circulation.

The more space between the ceiling and the blades, the better for air flow and circulation.

- 10 ft
- 9 ft
- 8 ft ] Optimal height
- 7 ft
- 6 ft
- 5 ft
- 4 ft
- 3 ft
- 2 ft
- 1 ft
- 0 ft

## Energy Efficiency

Lower electricity consumption means higher savings. The more stars there are, the more your savings are.

ECLECTIC DECOR

**CONTEMPORARY DECOR**

Contemporary styling is all about creating an aesthetic that's trendy, inclusive and feels like it belongs in the present. Right now, it's all about muted colour schemes, curated accessories and furniture with clean lines and soft edges. Work with natural elements, industrial accents and subtle prints to add your own distinctive warmth and charm.

MODERN DECOR

**INDUSTRIAL DECOR**

Born from the foundations of old warehouses, factories and mills, this style focuses on staying close to the raw nature of space. High ceilings, open plan formats, high-contrast art pieces, darker colour palettes and plenty of metal create a look that's polished yet ever welcoming and casual.

'Champagne kisses and caviar dreams' - luxe styling is all about sophisticated self-expression, plush ornamentation and most of all - balance. Maximise comfort while adding enough interest and warmth through rich fabrics, edited accents and clean, nude palettes. There's room for everyone from the Zen-loving modernists to the whimsical maximalists to make their own style statement.

## LUXURIOUS DECOR

**ETHNIC DECOR**

Recreating the warmth and charm of India is easy when you start with the right foundation. Choose custom-made pieces that show off your connection to the culture and handicrafts and add motifs that bring back memories of ancestral bungalows and grandma’s colourful saris. Finally, temper it all by sticking to a handful of colours, earthy elements and plenty of natural lighting.

## AURA2

Aura2 comes with a 5 year warranty powered by Duratech technology. Duratech uses premium components, designed to deliver a superlative performance over the years.

Here's a quick look at the key components that form the core of the Duratech technology.

Duratech comprises of:

### High Endurance Box Capacitor

Aura's high-endurance box capacitor, with a patented adapter, ensures superior performance over a longer period as compared to ordinary oil-filled tube-type capacitors.

### Dual Coat Copper

Dual-coat copper, used in motor windings, offers double protection, ensuring better insulation and abrasion resistance when subjected to high temperatures and sudden overloads. This results in longer durability as compared to ordinary copper wire.

### High Grade EMQ Bearing

EMQ bearings used for the Aura motor are the highest-grade bearings available for fans. They are silent and smooth, and have the additional advantage of reduced friction and vibration.

### High Standard Hybrid Steel

Aura fans use hybrid steel which is highly compatible with electric motors. The composition and the thickness of the steel ensures fan durability and efficiency.

White

Aerodynamic blades for faster speed

Powerful air suction for odourless and clean air

Automatic dust protection shutters for hassle-free hygiene

Light and rust proof body for durability

DOMESTIC EXHAUST

## VENTILUS

- Automatic Shutter for dust protection.
- Also available in Ivory
- White available only in 10"

Sweep (mm)	Power Inputs (Watts)	Speed (RPM)	Air Delivery (CMH)

# INDUSTRIAL FANS

Heavy Duty fans with powerful motors  
and superior air delivery for industrial  
use

## HEAVY DUTY EXHAUST FANS

- Totally enclosed, continuously rated highly efficient heavy-duty motor with pressure die cast aluminium rotor mounted on two ball bearings.
- Aerodynamically contoured blades handle maximum air with minimum power consumption.
- Rigid frame with rubber mountings for silent operations.
- Epoxy powder coating with specially pretreated components for better resistance to corrosion.
- Degree of protection against dust & water entry is IP55.

### SPECIFICATIONS

Model Name	Impeller Diameter (mm)	Phase	Pole	Power Inputs (Watts)	Speed (RPM)	Air Delivery (CMH)	Current (AMP)	Noise Level (dBA)
EXHD300-4-1 (ISI)*	300	Single	4 Pole	90	1400	1710	0.43	56
EXHD300-6-1 (ISI)	300	Single	6 Pole	55	950	1145	0.26	54

## VORTEX SERIES (AIR CIRCULATORS)

- Aerodynamically designed blades for higher air delivery
- Heavy duty motor with double ball bearing for longer life
- Oscillation to 85° deg
- Heavy Base for greater stability
- Improved guard design
- Attractive aesthetic to suit your application
- Increase in RPM from 1400 to 1440

450 mm	600 mm	750 mm
Pedestal	Pedestal	Pedestal
