INDIA'S WIDEST RANGE OF WIRES & CABLES

We manufacture and sell a diverse range of wires and cables and our key products in this segment are power cables, control cables, instrumentation cables, solar cables, building wires, flexible cables, flexible single/multi core cables, communication cables and others including welding cables, submersible flat and round cables, rubber cables, overhead conductors, railway signalling cables and specialty cables. We strive to deliver customized and innovative products with speed and quality service. Our production process is designed to ensure quality while delivering the ability to produce complex electrical products on short timeframes to meet our customers' needs.

INNOVATION & SUSTAINABILITY

Polycab's house wires epitomize innovation and sustainability. We've invested heavily in research and development to create products that cater to our customers' dynamic needs while maintaining a strong commitment to safety and the environment. Polycab house wires are made from lead free non-carcinogenic raw materials. They meet stringent European norms of RoHS and REACH compliance Our R&D team is dedicated to pioneering ground-breaking solutions, with a focus on customer safety. We're proud to have engineered insulating compounds that ensure safety during fire emergencies and also possess a high oxygen index and low smoke properties to set up a new standard for safety and environmental responsibility.

QUALITY FOCUS

Our manufacturing facilities are accredited with quality management system certificates for compliance with ISO 9001, ISO 14001 and OHSAS 18001 requirements.

Our products are also certified to be compliant with various national and international quality standards including Bureau of Indian Standards 'BIS', British Approvals Service for Cables 'BASEC', US Underwriters Laboratory, FQC and international electrotechnical commission 'IEC'.
